Healing Haka™ - URI MARAMA TOA - Intensive Retreat

Grandmothers Healing Haka Integral Learning Practice, founded and developed by Waimaania and Ojasvin; co-working since 2004 around the world. Their teaching emerged out of their individual cultural, professional and spiritual backgrounds, woven together uniquely between male and female from both ends of the world.

Waimaania Iris Hausermann Davis was born in Switzerland. Her northern hemisphere European Celtic roots, along with her background in theatre and dance, bring a perfect balance to Ojasvin's southern hemisphere Maori-Waitaha roots. Together they have been training and emerged as teachers of the spiritual schooling of the 'Yoga of Integral Learning and Intuitive Doing' (MIN-I.L.I.T).

Haka is a traditional power dance in the Māori culture of Aotearoa New Zealand, it is renowned as a war dance and is famous in the world of rugby. There are many different Haka with diverse messages.

Healing Haka™ has the pure intent for self-empowerment and transformation, which aligns with the sacred geometry of natural law. Opening the body's energy centers, releasing blocks and bringing balance to the male and female energies.

The 'Grandmother's Healing Haka' "Uri Marama Toa" dance was inspired by the 'Earth Celebration' held in Switzerland in 1998 and then co-written by Ojasvin Kingi Davis and his grandmother of the Maori-Waitaha tradition.

Grandmothers Healing Haka encourages us to remember own cultural roots and to re-link to the source, the fire of life and to our 'Human Dignity'. This Healing Haka seminar includes learning the Haka and other forms of sacred dance, singing, ceremony, energetic exercises, meditations and imparting of ancestral wisdom.

Venue: Riverplains Farm in Strawberry Plains, TN

Times: Wednesday, June 3rd- Sunday, June 7th, 2020
