in Bhairava Nagar, North India

with the possibility to prolong with a 10-day Navaratri Retreat

DEVA HAKA Sacred Deep Dance of Transformation

Deva (Sanskrit: Devā) celestial, divine, anything of excellence (Sanskrit)

Va path, creative energy (Sanskrit)

Ha sky, heavens (Sanskrit), breath of life (Maori)

Ka fire, sound, sun, body, splendour (Sanskrit), fire (Maori)

Haka is today known as the traditional dance the First Nations people of Aotearoa - New Zealand

Ojasvin and Waimaania had in 2016 the great joy to co-teach for the very first time a complete seminar with their beloved teacher, master, mentor and friend Shiñ Shiva, who had asked them to create such an event, which together they named Deva Haka. This event took place in Haute-Savoie in France for 3 consequent years with large groups of about 100 people. Dance, song, prayer, rituals and teachings were the content.

With the knowing of the great opening of the Temple of Peace in Bhairava Nagar in 2026 Waimaania and Ojasvin hear the calling to bring these teachings back alive and inscribe the message in the ether on Shiñ's sacred land, which he had blessed with his presence and dedication in such profound ways.

Grandmothers Healing Haka (GMHH), Ojasvin and Waimaania, have been sharing Healing Haka for over 20 years around the world as a tool for transformation, connecting people with their three centres of consciousness. Always expanding and evolving, a new step has been taken with DEVA HAKA the 'Sacred Deep Dance of Transformation' with the inspiration of beloved Shiñ.

You are invited to experience the depth of Healing Haka at a new level of consciousness with this unique weaving of DEVA HAKA, with elements from three cultures; the Maori, Indian and Celtic through sacred dance, song, music, ceremony, meditation and wisdom sharing, bringing together the energy of breath and life, heaven and earth.

Elements already known will be seen in a new light, and new dances, songs, perspectives, knowledge, wisdom and experiences will be received. When we understand that our intentions and thoughts influence what surrounds us, it makes sense to approach this dance with full awareness.

To realise that the origins of this dance come from former times, when humans were much more connected to the spiritual spheres and to the ancestors of the ancestors - the Divine Beings.

SHIN SHIVA was recognised by the Shivaïtes in India as the bearer of Mahaparakundalini. He is the creator of the 'Yoga of Integral Learning and Intuitive Action', the initiator of Bhairavanagar, and was the inspiration behind Grandmothers Healing Haka. Shiñ's work and teachings are shared throughout the world. His aim was to show everyone - whatever their skin colour, culture, religion or social status - the way to the seed of inner light, the source of human dignity and goodness.

OJASVIN KINGI was Maori, born in Aotearoa New Zealand. His tribes are Ngaitupoto, Ngatihine and Ngapuhi, going back to the ancient people of Waitaha. WAIMAANIA was born in Switzerland with a background in teaching, theatre, dance and coaching. She lived for 11 years with the Maori people in Aotearoa. *Ojasvin and Waimaania* together are the founders of the GMHH Charitable Trust NZ and the Association GMHH France, creators of the Grandmothers Healing Haka Practice, Haka Rongo Aio 3 Year Formation, writers of the book *Healing Haka* and co-creators of the CDs *Huiterangi* and *Waiopu 432Hz*. Both are teachers of the Yoga of Integral Learning and Intuitive Doing and members of the Cercle de Sagesse de Union des Traditions Ancestrales in France.

During this unique seminar we shall hear many stories, learn and dance the KarangaO Healing Haka, sing and Dance the Kotuku (messenger of the new time) and learn chosen elements Shiñ had imparted especially for this work.
